

EDUCATION  
NATIONALE

The background of the slide is a collage of various microscopic organisms, including bacteria, viruses, and fungi, rendered in shades of green and yellow. The organisms are depicted with fine lines and textures, giving them a three-dimensional appearance. Some are spherical, some are elongated, and some have complex, spiky structures. The overall effect is a dense, textured field of biological forms.

*L'Éducation Nationale, c'est plus ce que c'était ma bonne dame...*

***...les profs ne sont plus crédibles.***

**Mon fils a raté son examen de BIOLOGIE ...**

The background of the slide is a microscopic view of various organisms, likely algae or protozoa, rendered in shades of green and yellow. The organisms have diverse shapes, including spherical forms, elongated rods, and star-like structures with radiating spines. The overall appearance is that of a dense, textured biological community.

La question était :

*"QU'EST CE QU'ON TROUVE DANS UNE CELLULE" ?*

Il a répondu:

*"DES MAGHRÉBINS, DES TURCS ET DES MANOUCHES"*

**Il paraît que ce n'était pas  
la bonne réponse...**
